PERIODICAL DEPARTMENT

PERIODICAL DEPARTMENT

TITLE CATALOG OF PERIODICALS

INCLUDING NEWSPAPERS AND SELECTED SERIALS

This catalog lists by title the periodical holdings of the San Francisco Public Library. It includes titles which have ceased publication as well as those currently received. Newspapers are listed in a separate alphabet on blue paper at the end of the catalog. A selection of government documents, annuals, symposiums, yearbooks, transactions and proceedings is included, bringing the total number of titles to approximately 8,253.

The catalog lists the holdings of the subject departments of the Main Library at Civic Center, and the Business Branch at 530 Kearny Street. If a periodical is available to the public in more than one of these locations, the title is repeated for each location.

With this edition, the catalog has been changed to a double column format. Holdings are shown immediately below the title and descriptive notes. The column immediately to the right of the title shows the call number and the Department in which that title can be found.

In general, periodicals are listed under the latest title with "see" references from earlier titles. Journals, transactions, bulletins, and proceedings are listed under the name of the organization which publishes them, unless they have a distinctive title, in which case they are entered under it. The statement of holdings is given in brief form, without an abbreviation for "volume" before the volume numbers, and with months abbreviated to two letters. If the publication is in any medium other than paper, e.g. microfilm, this is indicated. An explanation of the symbols and abbreviations used in the catalog is given on the following page. Where no holdings statement is shown, it should be assumed that the title is on order, and you may check with the Department to see whether issues have arrived.

We gratefully acknowledge funds from the Bay Area Reference Center which made possible the publication and distribution of this catalog.
